Profile

Hello. I am **Sotaro Yoshimoto** from **Japan**. I am a Front End Developer with **6+ years** experience in freelancer world, Specialist in building websites using **React js**, and I use React js to **keep up** with the latest trends to ensure quality work. My work experience in the tech and startup industries has helped me to be careful in carrying out any task. That's why I'm used to working remotely with **minimal supervision** but with **maximum results**. I am an expert in creating and developing the front view of a website. I feel **comfortable** meeting new people and love the challenge of learning something new and developing my skills.

I am easy to communicate with, tech savvy and hardworking. I don't shy away from responsibilities and I believe that I am the right person for the job
