Solidity | Web3 | Solana | Web Full-Stack Developer

Introduction

I am a Full-stack and Smart Contract developer, who has 7 years of strong experience on [NodeJS|ReactJS|VueJS|AngularJS|Blockchain]. Always be hungry for learning new technology & improving myself. especially on blockchain scope. Have been developing lots of programing languages, frameworks, libraries, platforms. Over the last 2 years, mainly focusing on blockchain technology, Solidity | Web3 | Ether | Polka | Solana | Solana-Web3. Even also good at both of JavaScript and typescript, have experience on [Android|PHP|MySQL|Laravel|YII2|Phaser|Drupal|Django|Olympus DAO|WordPress|UnityGame], so hopefully it would be helpful for you. From these above experience, it would be great if we can build relationship and can make things together.
