

EREK ONG

Senior Full Stack Developer

@ nebylytsiad@gmail.com github.com/poseidon731 [Lublin, Poland](#)

SUMMARY

I am a dedicated web developer who specializes in developing full-stack web applications using practical frameworks. I am passionate about solving problems for others—a good solution to him usually requires a dose of creativity that then requires more effort to adapt and perfect.

EDUCATION

M.S. in Computer Science

Singapore Institute of Technology

10/2010 - 09/2014

Singapore

- Operating Systems Architecture, Usability in Website and Software Design, C++ Programming I & II, Web Page Development, Relational Database Design & SQL, Data Engineering.

EXPERIENCE

Senior Full Stack Developer

Osedea

06/2020 - 11/2021 [Nantes, France](#)

Osedea is an international Technology and Management Consulting

- Created a new front-end app based on React and Redux.
- Added a Hot module replacement plugin to Webpack.
- Worked with legacy code on the server side, able to understand the principles behind it and make it work again.
- Developed software using RESTful APIs with Node.js and Express.js.

Full Stack Developer

CHI SOFTWARE

02/2019 - 03/2020 [Kyiv, Ukraine](#)

CHI Software is a software company with 4 development centers in Ukraine

- Designed and invented solutions and coding patterns to solve front-end problems.
- Mentored the team to understand FE technologies and trade-offs in practical scenarios.
- Proposed and led data schema changes that improved product with minimum effort, eliminating tech debts.
- Led the engineering effort of developing a new product.

Software Engineer

DEEPIINSPIRE

01/2017 - 11/2018 [L'viv, Ukraine](#)

DeepInspire is a web development agency based in Lviv, Ukraine with a team of 39 professionals

- Developed responsive mobile web applications with AngularJS.
- Mentored experienced developers who were new to JavaScript.
- Analyzed front-end technological options (CSS frameworks, Protractor, design patterns, and more) and helped the team settle upon our technology foundation.
