Faculty of Information Technology, National University of Management

GPA
3.9 / 4.0

2009 - 2013   Phnom Penh, Cambodia

EXPERIENCE

Freelancer

Remote   2019 - Ongoing   Cambodia

Worked as a freelancer

- Worked with 3 clients from the USA, Spain
- Engaged in Blockchain business. Developed smart contract using Solidity.
- Performed Web Scraping over a catalog of 50K+ school supply products using mainly VueJS, NodeJS and MongoDB; completed in 1 month
- Developed indexed database architecture using SQL procedures and triggers for 10 different applications
- Worked with Core Java to develop automated solutions to include web interfaces using HTML, CSS, JavaScript and Web services
- Used Web3.js to connect between smart contract and front-end
- Experience in making token, DApp and DeFi
- Built NFT games using React and Solidity

Full Stack Developer

PTC company   04/2013 - Ongoing   Phnom Penh, Cambodia

Work as a full stack developer.

- Designed and Developed UI design for over 15 clients using CSS, HTML, ASP.NET, Vue, and React; websites scoring over 85 on Lighthouse
- Simultaneously created & maintained scheduled jobs in SQL Server for space maintenance and daily backups of system and user databases for 10 clients
- Increased company revenue by 30% within 2 months after developing and implementing business logic for over 20 features
- Hired, trained and lead Agile team of 7 full-stack developers

Mobile Application Developer

10/2013 - 06/2016   Palo Alto, CA

I had career as a Mobile Application Developer(mainly Android developer) in this company. I developed several Android application by means of Eclipse & Android Studio.

- Social Networking, Chatting & Messaging Application
- Shortened project timeline by 14 months for company's largest customer by managing relationship with 3rd party vendors, saving over $800K
- Led development of $500K research project which was deemed a "gold standard" by the client
- What did you achieve in this role?

REVIEWS FROM CLIENTS

Android app : Fixing build errors

📅 02/2022 - 02/2022

"Sopanha is a very kind and sincere developer. He has a long career and skills. The work is fast and accurate. He knew exactly what I wanted and worked diligently. I hope to continue working with him and look forward to future work. If you ask me to recommend a competent and reliable developer, I would definitely recommend him."

An expert to troubleshoot Android app

📅 02/2022 - 02/2022

"Honest, sincere, thoughtful, friendly, and extremely professional!
It is Sopanha who deserves all these modifiers.
He majored in Android and is a talented person with various experiences such as React Native, Web (Frontend & Backend), and Blockchain.
He took care of even the smallest details that I did not direct. I have already done a second project with him, and I hope to continue working with him in the future. I am very lucky to have met him here!"

Android App Development

📅 04/2022 - 04/2022

"Amazing and excellent talent.
Very good at what he does and I am always happy to work with him."
