MOUAAD BOUKIAOU

Sr. Full Stack Developer

📞 + 212649563828   @ mouaadhama1@gmail.com   📍 Agadir, Morroco

EMPLOYMENT

Full Stack Developer
kiwi
📅 2015 — 2016
https://kiwi.com
- Wrote a lot of javascript prototypes and custom libraries for some kind of internal purposes.
- Handled performance optimization and it's solutions on both client's side but also server side.

Full Stack Developer
carv
📅 2016 — 2018
https://app.carv.io
- Built the drawing platforms by using the combination between ReactJS and D3.js
- Deployed the app by using AWSVPC/ELB/RDS/ECS/S3/CloudFront infrastructure.

Front End Developer
chatbase
📅 2018 — 2019
https://chatbase.com
- Built custom text messaging applications that helped customers identify which windshield wiper they needed to purchase
- Built a custom email marketing system for a client to offer to its customers. The system was similar to Mailchimp in functionality but tailored for dentists

Back End / AWS Engineer (Part-time)
cliently
📅 2019 — 2020
https://cliently.com
- Implemented server less architecture and handled them by using only CloudFormation.
- Implemented various micro services like auth-service(cognito), api-keys service,monitoring service and some other data services by using server less architecture(api-gateway and lambda functions, and etc...)
